1.6 Online safety (inc. mobile phones and cameras)

Policy statement

Explorers take steps to ensure that there are effective procedures in place to protect children, young people and vulnerable adults from the unacceptable use of Information Communication Technology (ICT) equipment or exposure to inappropriate materials in our settings.

Online Safety

It is important that children and young people receive consistent messages about the safe use of technology and are able to recognise and manage the risks posed in both the real and the virtual world.

Terms such as 'e-safety', 'online', 'communication technologies' and 'digital technologies' refer to fixed and mobile technologies that adults and children may encounter, now and in the future, which allow them access to content and communications that could raise issues or pose risks.The issues are:

Content – being exposed to illegal, inappropriate or harmful material

Contact – being subjected to harmful online interaction with other users

Conduct – personal online behaviour that increases the likelihood of, or causes, harm

I.C.T Equipment

- The setting manager ensures that all computers have up-to-date virus protection installed.
- Tablets are only used for the purposes of observation, assessment and planning and to take photographs for individual children's learning journeys.
- Tablets remain on the premises and are stored securely at all times when not in use.
- Staff follow the additional guidance provided with the system

Internet access

- Children never have unsupervised access to the internet.
- The setting manager ensures that risk assessments in relation to e-safety are completed.
- Only reputable sites with a focus on early learning are used (e.g. CBeebies).
- Video sharing sites such as YouTube are not accessed due to the risk of inappropriate content.
- Children are taught the following stay safe principles in an age appropriate way:
  - only go online with a grown up
  - be kind online **and** keep information about me safely
  - only press buttons on the internet to things I understand

- tell a grown up if something makes me unhappy on the internet

- Staff support children's resilience in relation to issues they may face online, and address issues such as staying safe, appropriate friendships, asking for help if unsure, not keeping secrets as part of social and emotional development in age-appropriate ways.
- All computers for use by children are sited in an area clearly visible to staff.
- Staff report any suspicious or offensive material, including material which may incite racism, bullying or discrimination to the Internet Watch Foundation at www.iwf.org.uk.

The setting manager ensures staff have access to age-appropriate resources to enable them to assist children to use the internet safely.

Personal mobile phones – staff and visitors (includes internet enabled devices)

- Personal mobile phones and internet enabled devices are not used by staff during working hours. This does not include breaks where personal mobiles may be used off the premises or in a safe place e,g, staff room. The setting manager completes a risk assessment for where they can be used safely.
- Personal mobile phones are switched off and stored in lockers or a locked office drawer.
- In an emergency, personal mobile phones may be used in the privacy of the office with permission.
- Staff ensure that contact details of the setting are known to family and people who may need to contact them in an emergency.
- Staff do not take their mobile phones on outings.
- Members of staff do not use personal equipment to take photographs of children.
- Parents and visitors do not use their mobile phones on the premises. There is an exception if a visitor's company/organisation operates a policy that requires contact with their office periodically throughout the day. Visitors are advised of a private space where they can use their mobile.

Cameras and videos

- Members of staff do not bring their own cameras or video recorders to the setting.
- Photographs/recordings of children are only taken for valid reasons, e.g. to record learning and development, or for displays, and are only taken on equipment belonging to the setting.
- Camera and video use is monitored by the setting manager.
- Where parents request permission to photograph or record their own children at special events, general permission is first gained from all parents for their children to be included. Parents are told they do not have a right to photograph or upload photos of anyone else's children.
- Photographs/recordings of children are only made if relevant permissions are in place.

- If photographs are used for publicity, parental consent is gained and safeguarding risks minimised, e.g. children may be identified if photographed in a sweatshirt with the name of their setting on it.

Cyber Bullying

If staff become aware that a child is the victim of cyber-bullying at home or elsewhere, they discuss this with the parents and refer them to help, such as: NSPCC Tel: 0808 800 5000 www.nspcc.org.uk or ChildLine Tel: 0800 1111 www.childline.org.uk

Use of social media

Staff are expected to:

- understand how to manage their security settings to ensure that their information is only available to people they choose to share information with
- ensure the organisation is not negatively affected by their actions and do not name the setting
- are aware that comments or photographs online may be accessible to anyone and should use their judgement before posting
- are aware that images, such as those on Snapchat may still be accessed by others and a permanent record of them made, for example, by taking a screen shot of the image with a mobile phone
- observe confidentiality and refrain from discussing any issues relating to work
- not share information they would not want children, parents or colleagues to view
- set privacy settings to personal social networking and restrict those who are able to access
- not accept service users/children/parents as friends, as it is a breach of professional conduct
- report any concerns or breaches to the designated person in their setting
- not engage in personal communication, including on social networking sites, with children and parents with whom they act in a professional capacity. There may be occasions when the educator and family are friendly prior to the child coming to the setting. In this case information is shared with the manager and a risk assessment and agreement in relation to boundaries are agreed

Use/distribution of inappropriate images

Staff are aware that it is an offence to distribute indecent images and that it is an offence to groom children online. In the event of a concern that a colleague is behaving inappropriately, staff advise the designated person who follow procedure 06.2 Allegations against staff, volunteers or agency staff

Procedures

- Our designated people responsible for coordinating action taken to protect children are:
  Natasha Ramsay, Emma Collins, Michelle Warrington, Nissa Yates and Leah Rutter

Information Communication Technology (ICT) equipment

- Only ICT equipment belonging to the setting is used by staff whilst on site.
- When school children are using their own devices for school work in the settings, staff to monitor the use and ensure photos and recording on the devices are not used.
- Children wearing smart watches or carrying phones should be asked to leave them at the office and return on departure.
- Staff wearing smart watches should ensure that they are not connected to their mobile phones or internet and only used as a clock and step counter, if it is not possible to do this then smart watches should be left at home or in the office with the mobile phones.
- When working from home personal ICT equipment will be used, staff are trained and reminded to keep all devices updated and to have screenlocks.
- The designated person is responsible for ensuring all ICT equipment is safe and fit for purpose.
- All computers have virus protection installed.
- The designated person ensures that safety settings are set to ensure that inappropriate material cannot be accessed.

Using personal Information Communication Technology (ICT) equipment

- Using personal smart devices and tablets at breaks and away from work to complete observations and progress of a child on Famly Apps. Should only be done with permission from the designated person.
- The designated person is to ensure that the device has a secure screen lock and all updates have been accessed and installed, to ensure the security of sensitive data.
- Should any device with these Apps enabled be lost or stolen the device owner must inform the designated person immediately. All efforts must be made to disable your device and passwords must be changed for the Apps, within 12 hours.

- Staff report any suspicious or offensive material, including material which may incite racism, bullying or discrimination to the Internet Watch Foundation at www.iwf.org.uk.
- Suspicions that an adult is attempting to make inappropriate contact with a child on-line is reported to the National Crime Agency's Child Exploitation and Online Protection Centre at www.ceop.police.uk**.**
- The designated person ensures staff have access to age-appropriate resources to enable them to assist children to use the internet safely.
- If staff become aware that a child is the victim of cyber-bullying, they discuss this with their parents and refer them to sources of help, such as the NSPCC on 0808 800 5000 or www.nspcc.org.uk, or Childline on 0800 1111 or www.childline.org.uk.

Email

- Children are not permitted to use email in our settings. Parents and staff are not normally permitted to use setting equipment to access personal emails.

- Staff do not access personal or work email whilst supervising children.
- Staff send personal information by encrypted email and share information securely at all times.

Mobile phones – children

- Children do not bring mobile phones or other ICT devices with them to our settings. If a child is found to have a mobile phone or ICT device with them, this is removed and stored in a locked drawer until the parent collects them at the end of the session.

Electronic learning journals for recording children's progress

- Managers seek permission from the senior management team prior to using any online learning journal. A risk assessment is completed with details on how the learning journal is managed to ensure children are safeguarded.
- Staff adhere to the guidance provided with the system at all times.

Further guidance

- NSPCC and CEOP *Keeping Children Safe Online* training: www.nspcc.org.uk/what-you-can-do/get-expert-training/keeping-children-safe-online-course/

Safeguarding and Welfare Requirement: Child Protection

The safeguarding policy and procedures must include an explanation of the action to be taken in the event of an allegation being made against a member of staff, and cover the use of mobile phones and cameras in the setting.
